

2019 Higher Awards Recognition

Three of our older Scouts were recognized for receiving Higher Awards at the Leader Daughter Dinner on April 25th at Canton UMC. The Service Unit would like to congratulate these young ladies on their achievements! (Camp names were used for these Scouts as they all three have served at Camp Camellia Rose and the younger Scouts don't know their real names!)

Scooby received the highest of Girl Scout leadership awards, completing her Gold Award. Her project was called "Lice, Lice Baby", addressing head lice issues and awareness in elementary and middle schools. The goal of the project is to educate parents of school-aged children

about head lice prevention and removal. She created a video and a flyer with basic information on how to help prevent lice and what to do if your child gets lice. This video and flyer is available on the Service Unit website at lilyrosegs.org, if you'd like to check it out. As part of her project, she also donated head lice prevention kits to the nurses' offices in each elementary and middle school in the Cherokee County School District.

Frodo earned her Silver Award with a project focused on mental health for veterans. She raised money for Homefront Hugs, an organization that helps veterans. She created and handed out flyers to educate people about the organization, and got a group she is involved with to adopt one of the soldiers involved in Homefront Hugs. Frodo selected this project because several people in her family are veterans, and supporting soldiers currently deployed is important to her. Mental health is also very important to she and her family, and helping Homefront Hugs allowed her to help soldiers and keep them from becoming depressed, which involves two important things to her.

Olaf earned her Silver Award while helping her fill a need at her church. Olaf volunteers at Christ the Redeemer Church as part of the team that participates in the procession at church services. She serves as an acolyte and helps carry the gospel book, the cross and the Thurible. Her church has never had a training manual or a program to train the youth that are acolytes. Her Silver Award project was to create a training manual and a program for how to teach new members of the team. She has now trained all the new members of the team and helps each Sunday with the younger members of the group. Her manual is also being sent to other churches in the state.
